SPENT ON WATER IN CALIFORNIA

Annual water system spending (2008–2011)

SOURCE: Elin Hanak et al., *Public Water in California*, PPIA, 2011

NOTES: The figure reports average spending for 2008–2011. State and local expenditures are net of grants from higher levels of government. The water quality category includes management of wastewater and approximately \$0.5 billion for reported stormwater and other runoff.
